Re: ECDC Clay Mine (M/015/062) Permit Information requested in letter dated
August 31, 1999.

Dear Mr. Jensen:

ECDC has put together the information requested in the above mentioned letter. The original NOI dated April 15, 1993 has been referenced. Changes to this form are detailed on supplemental sheets titled "Division of Oil, Gas and Mining Notice of Intention of Revise Mining Operations". If the supplemental sheets skip a line item it means no changes were made. Form MR REV is also attached.

As per our phone conversation, I have also included a copy of the rider bond which I have completed. If possible I would like to make this work.

If you have any questions please call me at 435-888-4418

Sincerely,

Darin Olson
ECDC Environmental Manager
